

Charlotte Fire Department Media Advisory

For Immediate Release: Feb. 23, 2015

Employee Personnel Matter

CHARLOTTE, NC – The Charlotte Fire Department takes any and all concerns seriously that are brought to its attention and looks into them immediately.

Each fire department employee deserves to have issues raised about their performance thoroughly investigated. That is true whether it is a personal or professional matter, and whether an employee is in a leadership position or not.

Deputy Chief Jeff Dulin has been placed on administrative leave, starting today, while the department investigates the concerns about posts on his personal social media account.

The deputy chief provided a personal statement about the matter, which is attached.
