

June 10, 2014

Dear Reedy Fork families,

I want you to know that I am committed to providing clear and accurate information whenever a situation arises that impacts our school and students. With that in mind, I want to share an update on your child's teacher.

You may have seen in local media that Ms. Tanner was reported missing in Charlotte. She recently relocated to Charlotte, but has continued working here and planned to through the end of the year. We are very concerned about Ms. Tanner and are cooperating fully with the investigation.

We, of course, hope she is found safe. In the meantime, we have a substitute teacher in your child's class who will ensure consistent support through these last few days of school.

I know you may have additional questions about the investigation. Please know that I do not have any more information to share, but when I do, I will provide an update.

I hope you will keep Ms. Tanner and her family in your thoughts. As always, I appreciate your support and your invaluable partnership with Reedy Fork Elementary.

Sincerely,

Principal
